

STREETEVENTS

CORPORATE DISCLOSURE AND BROKERAGE EVENT INFORMATION YOU CAN TRUST

Thomson Reuters StreetEvents is a one-stop corporate disclosure and brokerage event solution that provides the relevant information you need, when you need it.

StreetEvents offers the largest available archive of global transcripts, briefs, events, guidance, and filings, and delivers the latest developments on your watch lists via customized e-mail alerts. StreetEvents also synchronizes calendared events with Microsoft® Outlook and Lotus® Notes.

INTEGRATED INTO YOUR CURRENT WORKFLOW

StreetEvents is a highly flexible content solution that's available as a standalone product or integrated within the following Thomson Reuters solutions:

- Thomson ONE Investment Management
- Reuters Knowledge
- Thomson ONE Analytics
- Thomson ONE Institutional Research
- Thomson ONE Investment Banking

In addition, StreetEvents information can be delivered via an XML datafeed and integrated directly into your proprietary internal applications or as a custom website co-branded on your intranet.

Whatever your delivery needs, StreetEvents' flexibility ensures that you will not be compromised by the limitations of the technology.

KEY FEATURES:

StreetEvents provides the broadest coverage of events, transcripts, briefs and webcasts in the marketplace. Our long-established relationships with

thousands of public corporations and brokerage firms ensures reliable disclosure and event information that you can trust.

Events

- Access market-moving event information from over 18,000 public companies and 100 sell-side firms in over 90 countries.
- View a customized calendar of events for companies on your watch list.
- Receive e-mail alerts notifying you of new and late-breaking events for the companies you cover.
- Access the largest library of dial-in numbers and webcasts available online.
- Keep your desktop calendar up to date with automatic calendar downloads.

Live Transcripts

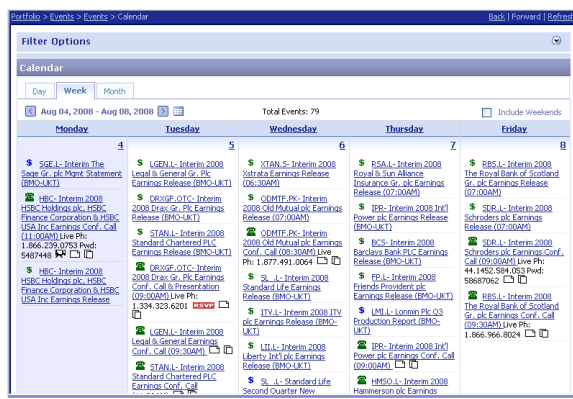

- View live and intraday transcripts for immediate access to details disclosed on a call.
- Access verbatim reports of earnings, guidance, M&A and other corporate conference calls.
- Link directly to the audio from any portion of the transcript to understand tone and context.
- Search by keyword across transcripts for quick access to the information you need.
- Receive e-mail alerts when transcripts are available for companies you care about.

Briefs

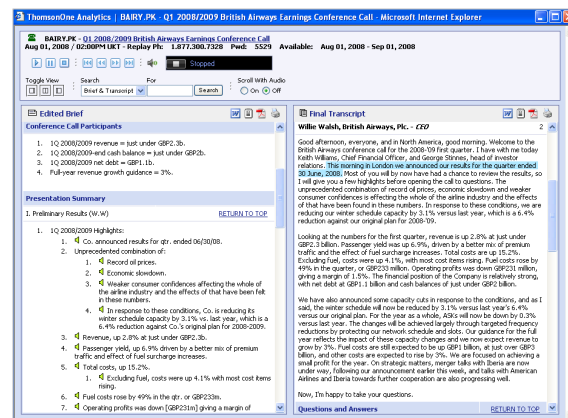

- Receive non-biased, straightforward reporting of corporate conference calls without added opinion, including the full Q&A session.
- Review more calls in a shorter period of time, allowing you to cover periphery companies more closely.

Guidance gives you access to company expectations in an organized format for quick reference

- Link directly from any portion of a brief to the corresponding portion of the full-text transcript or audio webcast.
- Receive e-mail alerts when briefs are available for companies you cover.

Video

- View corporate and brokerage events in video and audio, live or on-demand.
- Access corporate events, including earnings, strategy briefings, and advisory calls.
- Access sell-side research, including morning calls, teach-ins, sector analyses, CEO interviews, and conferences.

Filings & Delta Reports

- Access corporate filings as soon as they are filed with regulatory agencies.
- Receive e-mail alerts when new filings are available on companies in your watch list.
- Search by keyword across filings for quick access to the information you need.
- Export reports and financial tables to Microsoft Word, Microsoft Excel, and PDF.
- Quickly review the differences between sequential 10-Ks or 10-Qs with Delta Reports, which highlight all changes in a separate column.

Guidance

- Review and download both qualitative and quantitative company expectations from not only press releases, but also transcripts from conference calls.
- Access company expectations from historical and current company disclosures for a complete picture of a company's financial viability.
- View a complete record of guidance revisions for a particular company.
- Drill down from guidance figures to view full quotes and company guidance in the context of the original source document.

ADD EVENT AND TRANSCRIPT INFORMATION TO YOUR INTRANET

StreetEvents datafeeds are distributed via File Transfer Protocol (FTP) from a StreetEvents FTP server. The Events datafeed is offered in XML only; the Transcripts datafeed in XML or PDF with XML metadata tagging. Archive files include history dating back to 1999.

Events

The StreetEvents Events datafeed delivers event information sourced from over 18,000 public companies and hundreds of sell-side firms. The full file generates all forward-looking events in the database as well as 120 days of history. Packages are available with hourly updates or fifteen minute updates.

Events include: Live webcasts and online replays; earnings release dates and times; conference call dial-in numbers and passcodes; sell-side conference logistics; conference presentations; analyst conference calls and meetings; company visits; shareholders meetings; syndicate roadshows; market holidays; political events; economic indicators; stock split information; ex-dividend information; and IPO pricings and filings.

Briefs & Transcripts

The StreetEvents Transcripts datafeed covers more than 5,500 companies. StreetEvents Briefs and Transcripts are delivered to your server 2-4 minutes after they are published. Preliminary and final transcripts are delivered to your server in a standard file format with the body of the transcript in the file.
